Dimensional drawings for upright panels

Uprights at end of run for base units, sideboards and tall units are supplied as standard with an upright panel shoe.
The upright panel shoe is included in the price of the upright panel and is available in: 014 Stainless steel appearance, 010 Black.
If no colour is specified in the order, the version 014 Stainless steel appearance will automatically be supplied.

The height of the upright panel is reduced by the interior height dimensions of the profile and thus calculated as follows:

$$\begin{aligned} &\text{carcase height} \\ &+ \text{plinth height} \\ &\text{less } 8 \text{ mm interior chamfering of the floor profile} \\ &= \text{upright panel height} \end{aligned}$$
