

DIY WITH NOBILIA

UPCYCLED HERB GARDEN

nobilia[®]

THIS IS ALL YOU NEED

- » Empty tin cans (e.g. peas, sweet corn, tuna etc.)
.....
- » Acrylic paint in any colour
.....
- » Paintbrush
.....
- » Herb seeds or seedlings

UPCYCLED HERB GARDEN

TURN EMPTY TIN CANS INTO PRETTY HERB PLANTERS

Fresh herbs are a must in every good kitchen. To create your very own upcycled herb garden, simply keep a few tin cans or other pots and tubs you've emptied while cooking or eating breakfast. These containers make wonderful recycled planters for growing delicious herbs in. Perfect for giving your cooking that extra kick!

METHOD

- 01.** Wash and dry the containers.
- 02.** You can paint and decorate the containers in any way you choose. Let the paint dry thoroughly.
- 03.** Fill the containers with substrate and plant your seeds or seedlings.
- 04.** Don't forget to water them - that's all it takes to make your own herb garden from upcycled materials!
