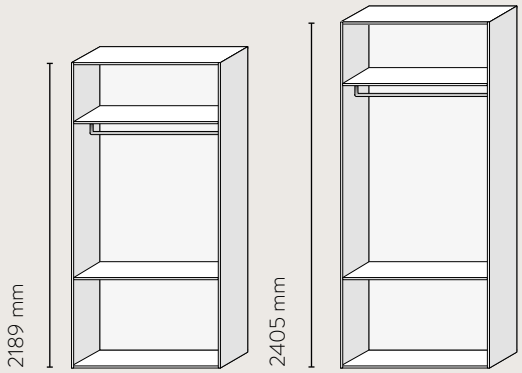
## BASIC SYSTEM

Your step-by-step instructions for the perfect bedroom. The new Dream range impresses with a clear and well-arranged basic structure – wardrobes, occasional furniture and accessories can be easily and individually arranged to create a harmonious overall concept.

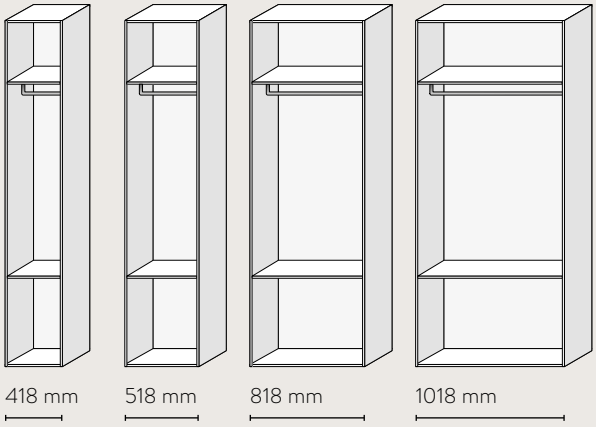
## 1 CARCASE SELECTION

Basic and extension elements in two heights and four widths are available as basis for your wardrobe. The basic elements can be extended with any number of extension elements. You can use this to design your wardrobe in continuous style.

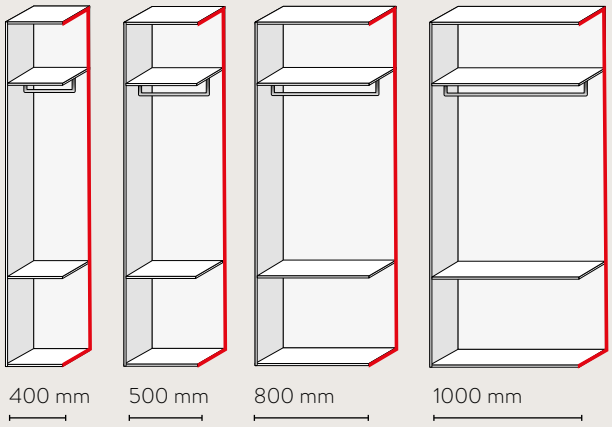
### 1a Select the height



### 1b Select the width of the basic element



### 1c Select the extension elements in the desired width



### Combinatorics of the basic and extension elements

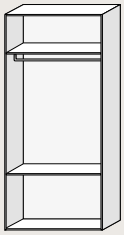
## 2 SELECTION OF INTERIOR FITTINGS

Each carcase element has two shelves and one wardrobe rail as standard. Optionally, further shelves, wardrobe rails, two internal drawers or shelf inserts can be added.

**Standard fittings**



**Optional fittings**

Shelf insert with wardrobe rail and 3 shelves

*The set always consists of two internal drawers with push-to-open technology for opening. The set can be positioned on the plinth base or wall-mounted (as shown). In addition, multiple sets can be stacked on top of one another.

## 3 SELECTION OF DOORS

The carcase combinations can be designed open, with hinged or sliding doors. Four handle versions in three lengths or a handleless push-to-open solution are available for the hinged doors. Sliding doors are available either with a passe-partout frame directly on the carcase or planned as room element from wall to wall. Optionally, the sliding doors can be visually separated in the middle with panel-dividing rail (further ordering information from p. 12).

## 4 ADDITION OF OCCASIONAL FURNITURE AND ACCESSORIES

Matching chests of drawers, bedside tables and accessories are available for our wardrobes for a coordinated bedroom design. The chests of drawers come in two heights and five widths. The bedside tables are available in four heights and two widths. Mirrors and plug-in wall shelves add an individual touch.
